Dandruff Could Be Seen Blainly in Hair and on Coat Collar, Lots of Hair Fell Out, Cuticura Soap and Ointment Cured in Fous Weeks.

713 Dudley St.; Dorchester, Mass.—
"My trouble began with dandruff. It caused me much trouble and after a while my hair began falling out. The dandruff could be seen very plainly in my hair and also on my coat collar. It caused my head to get itchy. The itching and burning caused scratching and left sores on my head. I lost much sleep through the night. Every time I combed my hair lots of hair would fall out.

"I tried —— and two other remedies without success. I suffered almost two years until I used Cuticura Soap and Ointment. Then I got a mample of Cuticura Soap and Ointment. Then I got a full-sized cake of Cuticura Soap and a box of Cuticura Ointment and in four weeks I was all cured." (Signed) James Mahoney, May 1, 1913.

For pimples and blackheads the following is a most effective and economical treatment: Gently smear the affected parts with Cuticura Ointment, on the end of the finger, out do not rub. Wash off the Cuticura Soap and hot water and continue hathing for some minutes. This treatment is bost on rising and retiring. At other times use Cuticura Soap freely for the toiles and bath, to assist in preventing inflammation, britation and clogging of the pores. Cuticura Soap (25c.) and Cuticura Ohatment (Soc.) are sold throughout the world. Liberal sample of each mailed free, with 32-p. Skim Book. Address posteard "Cuticura, Dept. T. Boston."
